GENIUS RAMP

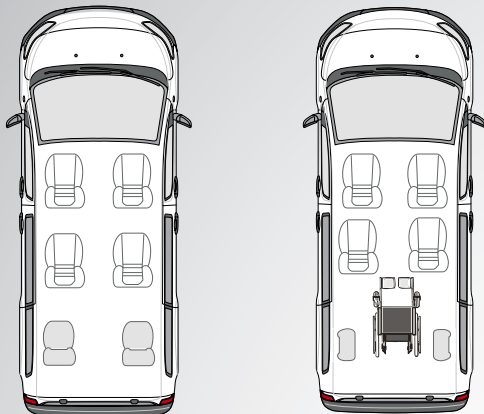

Practical, functional and elegant, Toyota Proace Verso F-Style meets the mobility needs of families and professionals (taxi drivers and car rental services) who need to accommodate a wheelchair passenger on board.

Thanks to the **lowered floor**, the access to the vehicle is practical and safe.

The F-Style conversion kit, designed and manufactured by Focaccia Group, integrates perfectly with the interiors of Toyota Proace up to be a component capable of combining functionality, style and attention to design.

The F-Style lowered floor kit is available on the **Toyota Proace Verso Medium and Long wheelbase** and allows to accommodate 1 wheelchair user and up to 5 passengers, retaining the original bench in the second row. In the third and fourth row it is possible to install two optional tip and fold seats, for a total of 9 travel seats when the wheelchair user is not on board.
